

## //TRAVEL GUIDELINES: CAMPS, RETREATS, OVERNIGHT TRIPS, & RESTAURANTS//

These guidelines were created with the purpose of maintaining an enthusiastic, Christ-centered atmosphere while protecting all those attending.

- Students agree and commit to be respectful to chaperones at all times.  
(Even when they are tired and not much fun to be around.)
- BE ON TIME!! BE ON TIME!!! BE ON TIME!!  
(Those that are late will be required to sit with the tired chaperones that are not much fun to be around.)
- Students agree to be in their rooms by lights-out. Fire or medical emergencies are the only excuses for being out of the room after lights out.
- All damage will be paid for by the room occupants.  
That means leaving all water guns, water balloons, shaving cream etc. at home.
- A chaperone must be aware of students "whereabouts" at all times.  
After dark, students agree to be within eyesight of a chaperone unless otherwise agreed to in advance.
- Guys are not permitted in girls rooms. Girls are not permitted in guys rooms.
- No one from outside the group is ever to be invited into a group member's room.
- Group members are not to enter the room of someone outside the group.
- No Alcohol/ Tobacco In Any Form/Illegal Drugs/ & Nothing That Explodes!
- Students agree to attend all required events...without exceptions.
- Failure to follow these guidelines may result in the student being sent home at the parent's expense.  
Expenses of the accompanying chaperone will also be the parent's responsibility.

### RESTAURANTS

- Eating in restaurants is a privilege that may be lost if the following guidelines are not obeyed.
- The goal of all restaurant visits is to enjoy the meal while leaving as little mess as possible.
- Wait staff will be treated as if our visit is their only opportunity to see how believers are to treat others.
- Tipping is part of our witness. 20% is the standard we will use while traveling.
- Food is for eating, not throwing!  
Uneaten food is never to be mixed, mashed combined or used as a science experiment.
- Any problems with the food or wait staff will be handled by the senior staff member or volunteer leader only.
- As with all other activities, no one ever goes to the restroom by themselves.
- All eating contests must be approved by the senior staff member or volunteer leader prior to ordering.
- You will pay for all the food you order. Think before you try something new.
- Know the rules for food on the van or bus before leaving with uneaten food.

Group arrangements and time constraints always take precedence over individual desires.
